SUMMARY

Staff Product Designer with 20+ years of experience designing customer-facing, data-driven products at scale. Deep expertise in AI-powered workflows, interaction systems, and translating complex insights into clear, actionable experiences. Known for operating effectively in ambiguity, partnering closely with product, engineering, and research to shape strategy, prototype bold ideas, and ship high-quality experiences that drive adoption and business impact.

CORE EXPERTISE

- AI-Driven Product Design
- Customer & Go-to-Market UX
- Insight → Action Workflows

- Systems & Interaction Design
- End-to-End Product Ownership
- Prototyping & Experimentation
- Cross-Functional Collaboration
- Storytelling & Design Rationale

Tools: Figma (expert), Axure, Adobe Creative Suite, Omnigraffle

Methods: Discovery, journey mapping, prototyping, usability testing, iterative delivery

PROFESSIONAL EXPERIENCE

Senior UX Designer

Amazon – Digital, Devices & Alexa Support (D2AS) |
Austin, TX

March 2024 – Present

- Design AI-driven customer experiences that surface insights, guidance, and next-best actions across chat and voice.
- Translate complex system signals into intuitive workflows that help users resolve issues quickly and confidently.

- Lead design from early exploration through high-fidelity execution and production.
- Partner closely with product, engineering, and research to shape roadmap decisions and iterate using real usage data.
- Prototype and test new interaction patterns to improve clarity, engagement, and task success.

UX Design Manager (Staff-Level IC Scope)

Amazon Web Services (AWS) | Houston, TX

August 2022 – March 2024

- Designed AI-assisted experiences that helped users understand complex systems, surface insights, and take informed action.
- Operated in highly ambiguous problem spaces, defining product direction alongside PMs and engineers.
- Built scalable interaction patterns and reusable components to support multiple teams.
- Used qualitative research and quantitative signals to guide iteration and prioritize opportunities.
- Mentored designers through critique while remaining deeply hands-on in design execution.

VP, UX Design Director

Woodforest National Bank | Houston, TX

March 2015 – August 2022

- Led design for consumer digital products used by customers managing everyday financial decisions.
- Designed experiences that turned complex data into understandable, confidence-building guidance.
- Championed usability testing, accessibility, and user-centered decision making.
- Delivered polished, high-quality interfaces focused on trust, clarity, and conversion.
- Partnered with business, product, and engineering teams to align UX with growth and customer outcomes.

Principal UX Designer

Khoros | Remote

August 2010 – March 2014

- Designed large-scale community and engagement platforms for global brands.
- Created interaction systems that supported conversation, participation, and discovery.

- Translated engagement and behavioral data into UX improvements.
- Led mobile UX design for core products.

Senior Information Architect

HP | Houston, TX

August 2007 – August 2010

- Designed large-scale information architectures for HP.com and global platforms.
- Organized complex content and data into clear, navigable systems.
- Awarded three HP E-Awards for UX innovation.

EDUCATION

Bachelor of Business Administration

University of Houston
